Asset Inventory

No matter what your situation, your first step toward getting your estate plan started is to assemble key pieces of information about your personal circumstances, assets, and debts.

This worksheet will help you:

- Create a consolidated view of all the important details about your estate.
- Make things much easier for those who will be tasked with handling your affairs someday.
- Clarify your thinking about how you want things handled after you're gone.
- Give your estate planning attorney a head start on assessing your situation and preparing your plan.

Things to keep in mind:

- Try to complete as much of the inventory as possible. If necessary, you can come back and complete any missing information later.
- If you're completing this inventory as a couple, and you both have significant separate property, it may be simpler to prepare two inventories using a photocopy of this worksheet.
- If there's not enough space on the inventory to list all your assets, just attach additional sheets as necessary.
- Keep a copy of this inventory in a safe place and tell someone you trust where to find it.
